

Band Expanders

STANDARD BOX UNIT	Product Code	Description	Frequency
	Box 10	10Mhz FM Band Expander Box	88-108Mhz
	Box 10-24	10Mhz FM Band Expander Box 24V	88-108Mhz
	Box12	12Mhz FM Band Expander Box	88-108Mhz
	Box12-24	12Mhz FM Band Expander Box 24V	88-108Mhz
	Box12.2	12.2Mhz FM Band Expander Box	88-108Mhz
	Box14	14Mhz FM Band Expander Box	90-108Mhz
	Box14.5	14.5Mhz FM Band Expander Box	90.5-104.5Mhz
	Box15	15Mhz FM Band Expander Box	91-105Mhz
	Box15.5	15.5Mhz FM Band Expander Box	91.5-105.5Mhz
	Box16	16Mhz FM Band Expander Box	92-106Mhz
	Box16.1	16.1Mhz FM Band Expander Box	92.1-106.1 Mhz
	Box 18	18Mhz FM Band Expander Box	94-108 Mhz
	STANDARD TUBE UNIT	Product Code	Description
	TUBE10	10Mhz FM Band Expander Tube	88-108Mhz
	TUBE12	12Mhz FM Band Expander Tube	88-108Mhz
	TUBE14	14Mhz FM Band Expander Tube	90-108Mhz
	TUBE14-NUDE	14Mhz –Circuit Board and Power Lead	90-108Mhz
	TUBE18	18Mhz FM Band Expander Tube	94-108Mhz
	TUBE20	20Mhz FM Band Expander Tube	96-108Mhz
NISSAN UNIT	Product Code	Description	Frequency
	NISSAN10	10Mhz FM Band Expander Box - Nissan	88-108Mhz
	NISSAN12	12Mhz FM Band Expander Box - Nissan	88-108Mhz
	NISSAN14	14Mhz FM Band Expander Box - Nissan	90-108Mhz
	NISSAN18	18Mhz FM Band Expander Box - Nissan	94-108Mhz
LATE MODEL NISSAN UNIT	Product Code	Description	Frequency
	NISLM-10	Nissan Late Model	76-90Mhz
	NISLM-14	Nissan Late Model	90-108Mhz
	NISLM-18	Nissan Late Model	94-108Mh
STD EUROPEAN UNIT	Product Code	Description	Frequency
	EURO-10	10Mhz FM Euro suitable for all including amplified antenna feed	88-108Mhz
	EURO-12	12Mhz FM Euro suitable for all including amplified antenna feed	88-108Mhz
	EURO-14	14Mhz FM Euro suitable for all including amplified antenna feed	90-108Mhz
	EURO-A10	10Mhz FM Euro suitable for amplified antenna feed only (no power connection required)	88-108Mhz
	EURO-A12	12Mhz FM Euro suitable for amplified antenna feed only (no power connection required)	88-108Mhz
	EURO-A14	14Mhz FM Euro suitable for amplified antenna feed only (no power connection required)	90-108Mhz

LATE MODEL EURO UNIT		Product Code	Description	Frequency
	EUROLM-10	With late model European leads and bypass for amplified antenna. 10Mhz for 2003 and up.	88-108Mhz	
	EUROLM-14	With late model European leads and bypass for amplified antenna. 14Mhz for 2003 and up.	90-108Mhz	
	EUROLM-A10	10Mhz FM Late model Euro suitable for amplified antenna feed only (no power connection required)	88-108Mhz	
	EUROLM-A14	14Mhz FM Late model Euro suitable for amplified antenna feed only (no power connection required)	90-108Mhz	
SUBARU UNIT		Product Code	Description	Frequency
	SUB-10	Subaru 10Mhz	76-90Mhz	
	SUB-14	Subaru 14Mhz	90-108Mhz	
	SUB-18	Subaru 18Mhz	94-108Mhz	
HONDA/MAZDA UNIT		Product Code	Description	Frequency
	HON/MAZ-10	Honda/Mazda 10Mhz	76-90Mhz	
	HON/MAZ-14	Honda/Mazda 14Mhz	90-108Mhz	
	HON/MAZ-18	Honda/Mazda 18Mhz	94-108Mhz	
REVERSIBLE UNIT		Product Code	Description	Frequency
	REVERSIBLE	15Mhz Band Expander Box (Japanese Market)	76-90Mhz	
AMERICAN UNIT		Product Code	Description	Frequency
	AMERICAN.1	The American Unit shifts the Mhz by 0.1 to allow American car radios to pick up the even stations. Once again we have managed to keep our unit small (dimensions 80mm x 15mm excluding leads). We have also used a plastic housing to ensure no shorts behind t		

Injectors

POWER INJECTORS	Product Code	Description
	I-EURO	Factory antenna to aftermarket radio. Use when replacing factory radio with amplified power antenna. 1997-2002.
	I-EUOLM	Factory antenna to aftermarket radio. Use when replacing factory radio with amplified power antenna. 2003 onwards

Leads

ADAPTOR LEADS	Product Code	Description
	A-HON/MAZ-F	Honda/Mazda - Factory antenna to aftermarket radio. Use when replacing the factory radio.
	A-HON/MAZ-M	Honda/Mazda - Factory antenna to aftermarket radio. Use when replacing the factory radio.
	A-LEX-F	Lexus - Factory antenna to aftermarket radio. Use when replacing radio. 1997-2005.
	A-LEX-M	Lexus - Factory antenna to aftermarket radio. Use when replacing radio. 1997-2005.
	A-NISLM-F	Nissan - Factory antenna to aftermarket radio. Use when replacing radio.
	A-NISLM-M	Nissan - Factory antenna to aftermarket radio. Use when replacing radio.
	A-SUB-F	Subaru - Factory antenna to aftermarket radio. Use when replacing radio.
	A-SUB-M	Subaru - Factory antenna to aftermarket radio. Use when replacing radio.
	A-VOL-F	Volvo - Factory antenna to aftermarket radio. Use when replacing radio.
	A-VOL-M	Volvo - Factory antenna to aftermarket radio. Use when replacing radio.
	A-GM-F	FM-Factory antenna to aftermarket radio. Use when replacing radio 1998-2005
	A-GM-M	FM-Factory radio to aftermarket antenna. Use when replacing antenna 1998-2005
	LEADS-#10	Subaru Male
	LEADS-#11	Subaru Female
	A-CRYS-F	Chrysler - Factory antenna to aftermarket radio. Use when replacing the factory radio
	A-CRYS-M	Chrysler - Factory radio to aftermarket antenna. Use when replacing antenna
	A-NIS-F	Nissan - Factory antenna to aftermarket radio. Use when replacing radio. 1997-2005
	A-NIS-M	Nissan - Factory radio to aftermarket antenna. Use when replacing antenna. 1997-2005.
	A-NIS-F/2	Nissan - Factory antenna to aftermarket radio. Use when replacing radio. 1997-2005.
	A-EURO-F	European - Factory antenna to aftermarket radio. Use when replacing radio. 1988-2005.
	A-EURO-M	European - Factory radio to aftermarket antenna. Use when replacing antenna. 1988-2005.
	A-EUOLM-F	European - Factory antenna to aftermarket radio. Use when replacing radio. 2002-up.
	A-EUOLM-M	European - Factory radio to aftermarket antenna. Use when replacing antenna. 2002-up.

EXTENSION LEADS	Product Code	Description
	EXTN-300	Antenna extension cord, 300mm
	EXTN-600	Antenna extension cord, 600mm
	EXTN-1200	Antenna extension cord, 1200mm
	EXTN-3000	Antenna extension cord, 3000mm

Keyless Entry

KEYLESS ENTRY	Product Code	Description
	805K4505	Keyless Entry Unit for vehicles that don't require a alarm but want the option to access the vehicle by remote. Includes Remotes.
